By way of explanation, our assembly take a self-inventory every two years. This biennial inventory is used to both confirm that the assembly is serving the Fellowship to your satisfaction, and just as importantly, to consider the areas and practices which the assembly might consider changing or modifying. Any member is at liberty to complete an inventory questionnaire; however, the questionnaire is specifically directed to the individual General Service Representatives, the District Committee Members and the meeting groups in the Central Michigan Service Area.

The CMIA Alternate Delegate distributes the inventory and collects and collates the inventory for a report to the assembly on the results. This year, the results will be given to an ad-hoc committee that has been specifically formed to address any issues needed for changing or modifying of the assembly.

Please make copies to groups in your service area. It is important that the responses be legibly printed for easy reading. Also important is that the responses be completed and returned at your earliest convenience. I would like all responses be returned by July 15, 2017 to be included in the compilation of the results. You may add additional sheets of paper to the inventory should you need to for your answers.

Please keep in mind that this or any inventory are words on a page; nothing automatically changes as a function of this inventory. The inventory, once completed will be summarized and given to the ad-hoc committee for consideration. Any changes that may be considered will be taken to the assembly in the form of a motion for discussion and then a vote.

Please respond with as much information as possible to the above questions. We are striving to have CMIA 32 provide the best service to the Fellowship as a result of this inventory.

If you have questions/concerns or further comments, please contact Lori Conant; Alternate Delegate, Panel 67, Area 32 at (517)414-7662 or by emailing loriconant01@live.com or altdelegate@cmia32.org.

The inventory will also be available on our website www.cmia32.org should you require additional copies.

You can also mail them to me via snail mail at Lori Conant; 125 Hill Road; Michigan Center, MI  49254

I look forward to seeing all responses to this inventory. Thank you in advance for taking the time and effort to complete and return.
